All of Silent Auctions monies received deposited.. PrePack offline orders 'checks have been deposited. It was about \$2500.00. A check for half of the PrePack balance for the 2014-2015 school year was sent out. Included in that balance is a kit for each grade level to use as emergency or a family need. Report was read by Pia Yfantis.

President's Report: Treasurer's position still open. According to the Illinois PTA representative, for the interim the secretary would be the first in line followed by the Vice President. If position filled, members will be notified by e-mail.

- Illinois PTA Convention- The convention cost \$50.00. Was like going to an official meeting. Building PTA Business partnership is a breakout session attended by Kim and Debra.. The idea to have paid sponsorships came from there on Silent Auction. It would be great if we could get businesses to partner with the PTA. A person would be needed to chair this committee. Another breakout session Kim attended was Creating an Effective PTA Team. Talked about having councils. Councils helps local units that participate with the councils. They can be great resources, liaisons, and also grant high school students with scholarships. Debra went to a marketing breakout session. They have an abundant amount of volunteers. Many people serve on boards for 25 years and were given awards.
- In June there is PTA training session if anyone was interested. Application forms available.
